

Khandaq

A document sent by the demo contact

**This PDF travelled to you peer to peer,
end-to-end encrypted, with no server in between.**

Things to try with the demo contact:

- Send a message: it replies and reacts.
- Send a photo, video, file or voice message:
it sends the same file back.
- Call it, audio or video: it answers and plays
your own voice and camera back to you.
- Type “call me”: it calls you in ten seconds.
- Type “edit” or “delete” to see message editing
and delete-for-both.
- Accept the group invitation to try group chat.
- Type “help” for all commands.
